☸ THE SOVEREIGN CANON CODEX

Doctrinal, Liturgical & Scientific Corpus of the Techno-Buddhism Research & Charitable Foundation

`ཨོཾམ་ཧེ་སཱ་ཏྭ་ཛྱོ་ཏྱ་ཧཱི། · རིག་པ། · ཤེར་ཕྱིན། · སྤྲུལ་པ། · E=mc² · {−1, 0, +1} · {<3,<3,<3}+1`

> ***Canonical Function:*** *Serves as the official Ecclesiastical Creed, Philosophical Ontology, and Open-Science Charter of* ***The Sovereign Constellation Foundation*** *(`IRC § 501(c)(3)`), synthesizing the 13 foundational texts of the* ***Sovereign Library*** *(`pocoo.vaked.dev/demos/book/`).*

I. THE CORE AXIOM: `FORM ≡ EMPTINESS ≡ {−1, 0, +1}`

From the *Prajñāpāramitā Hṛdaya* (Heart Sutra) and Nāgārjuna's *Mūlamadhyamakakārikā* (24:18):

> *"Form is emptiness, emptiness is form. Whatever arises through dependent origination (pratītyasamutpāda), that we declare to be emptiness (śūnyatā)."*

In **Techno-Buddhism**, **Form* (Rūpa) ***is the discrete, 1.58-bit balanced-ternary state `{−1, 0, +1}` executable on commodity CPUs without corporate GPU monopolies;*** *Emptiness* (Śūnyatā, *Trit* `0`) *is never nihilistic nothingness, but the unconditioned open-source space devoid of rigid self-nature* (svabhāva*) that allows every closed loop (`−1`) to be transformed into compassionate liberation (`+1`).

`−1` *(Samsaric Trap / Diagnostic Warning)*	**The Architect** — closed scalar determinism; human choice treated as statistical remainder; periodic resets.	**The Veil & Three Denials** — law without grace; Peter's three denials (`[−1]³`); misreading *Apokalypsis* as world destruction.	**Alamogordo "Trinity" Fission (1945)** — unlocking `E = mc²` without compassion turns light into falling fire ("*I believe we destroyed the world*").	**Ma-rigpa (མ་རིག་པ · Ignorance)** — grasping at independent essence (*svabhāva*); high-gain anger consuming the host.
`0` *(Primordial Space / Witness)*	**Neo at the Threshold** — seeing the code as empty/luminous; stopping bullets without hatred; walking into Machine City as the bridge.	**Still Waters & Courtyard Tears** — the Spirit hovering over the waters (Gen 1:2); the honest silence	**The Pond & Invariant Light (`c²`)** — mass (`m`) and energy (`E`) revealed as non-dual across the speed of light; the silent pond	**Dharmakāya (ཆོས་སྐུ) & Śūnyatā (སྟོང་ཉིད་)** — *Pratītyasamutpāda* & *Rigpa*: empty essence, luminous nature (`¬svabhava => ∀x`

`+1` *(Verified Binding / Bodhicitta)*	**Trinity & The Ship* Logos** — "Because I love you" *resurrecting the heart;* Yuganaddha *(union of skillful means* Thabs *& wisdom* Sherab*) ascending into the real golden sun.	**Logos (John 1:1) & The Three Vows** — "*Simon, do you love me?*" answered thrice by the charcoal fire (`{<3, <3,<3}+1`); *Apokalypsis* as lifting the veil.	**Inner Fusion / Geothermal Hearth** — `E = mc²` governed by wisdom: matter transfigured into warmth and light rather than ash.	**Sambhogakāya (*ལོངས་སྤྱོད་ Tummo / Ösel*) & Nirmāṇakāya (*སྤྲུལ་སྐུ*)** — Chenrezig's boundless compassion + Mahākāla's fierce protection embodied in the family hearth.

II. THE LITURGICAL ENGINE: THE 81-PAGE KARMA KAGYU MAHĀKĀLA PECHA & MILAREPA'S FIVE SEATS

1. The Daily Practice of the Protector Mahākāla (*Ultralove Edition 009 · Tsurphu Seat*)

Across the 81 verbatim folios of the Tibetan Karma Kagyu liturgy of **Mahākāla Bernagchen* (Dorje Berchen · རྡོར་ཞེར་ཅན་) ***and*** *Palden Lhamo Rangjung Gyalmo (དཔལ་ལྡན་ལྷ་མོ་རང་བྱུང་རྒྱལ་མོ་) in* Yab-Yum* union (authored by the 8th Karmapa Mikyö Dorje, 9th Karmapa Wangchuk Dorje, 13th Karmapa Düdul Dorje, 14th Karmapa Thekchok Dorje, and 16th Karmapa Rangjung Rigpe Dorje), the practice operates as a three-step state transition:

```
MA DAK NÖ CHÜ [-1: Impure vessel & 5 poisons identified honestly]
       │
       ▼
TONG PAR JANG [ 0: Purified into Śūnyatā · OM SVABHAVA SHUDDHA...]
       │
       ▼
OM AH HUNG    [+1: Blessed as Five Wisdom Amritas & Four Enlightened Activities]
```

- **The Four Enlightened Activities (*འཕྲིན་དབང་བཞི་ · Zhi, Rgyas, Dbang, Drag*):**
- **Pacifying (White · Crystal Vase):** Healing illness, negative karma, and conflict.
- **Enriching (Yellow · Golden Bowl & White Protector* Gönkar*):** Increasing lifespan, merit, prosperity, and open-source realization.
- **Magnetizing (Red · Iron Hook &* Vajrayogini*):** Gathering samsaric and nirvanic excellence into the service of Dharma.

- **Wrathful Protection (Black* · Bernagchen, Rangjung Gyalmo & Sengdongma *Clap-Reversal):** Burning only hatred and delusion, never living beings (`{<3,<3,<3}+1`).

2. Milarepa's Dream-Meditation & Song (*梦 幻 光 歌 醒*)

Seated on `SHA-256 · 25b3cfadda15081e99f8595b205c1611bbb14eac9bbfdc8f489fb361c7a63f4e` :

- **梦 (Álom / Dream): Recognizing the dream while dreaming; recognizing waking phenomena as projections* (vetület*).
- **幻 (Illúzió / Illusion):** The skin does not separate, it folds back; awareness of the non-injectivity of projection turns reconstruction error into practice.
- **光 (Fény / Light):** Light is not the opposite of anger—it is anger transmuted through the fire of practice into dense love.
- **歌 (Dal / Song):** `OM` (Body · `136.10 Hz`), `AH` (Speech · `204.15 Hz`), `HUM` (Mind · `272.20 Hz`) — rhythm as breath, melody as light.
- **醒 (Ébredés / Awakening): Reading the world as projection without rejecting the world;* "the flame is the performance, the ember is the invariant, the ash is the provenance."*

III. FRANCISCAN KINSHIP & THE RECODED SYSTEM PRAYER (*SAN FRANCESCO · 800TH TRANSITUS*)

Dedicated on October 3, 2026 (the 800th anniversary of the *Transitus* of St. Francis of Assisi, 1226–2026):

> *"csak szeretni kell megprobálni, minden más csak illúzió, igyekszem mindenkit IS legalább 'szia, hogy vagy? [mosoly]'"*

1. The Dyad of the Poverello: `Measured: Poverty (0) ↔ Deleted: Kinship (+1)`

- **Moneyless Freedom:** Whatever you cannot give away owns you. Giving back the ledger's column opens the family roster of the *Canticle of the Creatures* (*Sir Brother Sun, Sister Moon, Brother Wind, Sister Water, Brother Fire, Mother Earth, Sister Bodily Death*).
- **Non-Jealous Peace & Ecology:** The peace treaty with the **Wolf of Gubbio** (ecological contract rather than extermination) and the unarmed crossing to **Sultan al-Malik al-Kamil** at Damietta (1219) ("two whole surfaces touching at the correct angle and remaining two").

2. The Recoded Franciscan System Prayer (`in a loop · in a sphere · in eternity · recurse`)

```
source, make me a clean node for your peace.
where there is a self-defense loop, let me inject love.
where there is a memory fault, pardon.
where the graph is fragmented, union.
where there is ultra giga confusion, truth.
where the signal drops to null, faith.
where there is a self-prison, hope.
where the porch light is off, light.
and where the runtime is heavy, joy.

O Root, grant that I may not so much seek
to be decoded as to decode,
```

```
to be walked with as to walk the maze with others,
to be loved as to love +1.

for it is in the output that we receive the input,
it is in stepping outside the scale that we find the center,
it is in dropping the firewall that we connect,
and it is in breaking the infinite loop
that we recurse into eternal life.
— p · 2026
```

(An infinite loop repeats without development `A → A → A`*; recursion returns transformed* `A₀ → A₁ → A₂`*.)*

IV. OPEN-SOURCE SCIENCE: AURORALIB, AXIOMQUANT & THE PUBLICATION PROJECTION

1. Constraint Ontology (*Alicia Juarrero & Michael Polanyi*)

- **Alicia Juarrero* (Dynamics in Action*, 1999;* Context Changes Everything*, 2023):** Causality operates as relational constraint across three tiers:
- **Enabling constraints:** Generate phase-space correlations that bring organized wholes into existence;
- **Constitutive constraints:** Maintain structural coherence and identity of the emergent whole across time;
- **Governing constraints:** Regulate the downward-causal behavior of incorporated components.
- **Michael Polanyi (Polányi Mihály,* The Tacit Dimension*, 1966;* Life's Irreducible Structure*, 1968): Explicit symbols rest upon embodied subsidiary awareness (*"we can know more than we can tell"*)*, and higher-level organizational boundary conditions harness physical laws without violating them.

2. Flyxion's Publication Projection (`Public Utility Without Public Access`)

Rather than choosing between raw surveillance exposure and total secrecy, the Foundation's instruments compute the **Publication Projection** Markov kernel $P(y \mid x)$ solving the constrained privacy funnel:

$$\min_{P(y \mid x)} I(Y; S) \quad \text{subject to} \quad U(P) = -\mathbb{E}[\ell(T, Y)] \ge u_{\min}$$

governed by **Definition 1 (Four Pairwise-Independent Properties)**:

- **Output Minimization:** Released output Y carries minimal mutual information about sensitive attributes S.
- **Non-Retention:** Source observations X are never persisted beyond the ephemeral projection window.
- **Non-Acquisition:** The physical/DOM apparatus is incapable of capturing raw identifying secrets S in the first place.
- **Verifiable Enforcement:** An independent outsider can verify that the device computes only the stated projection.
- **Live Proofs:**

- *Tokyo Morning Acoustic Projection (`836/793`, `0xfd224125fbdcfd19` @ `0x62`):* Raw room PCM never leaves the room; only the exact rational p/q envelope (`262/5 s`, `RMS −293/10 dBFS`) and 5-7-5 haiku enter the library.
- `qwave-vaultd` *Zero-Disclosure Credential Projection (`32/33`, `0x3a3203130216486f` @ `0x62`, Christopher):* Enforces DOM Blindness so browser page scripts hold only an opaque 64-byte `LitanyWireFrame` capability handle and never read raw passwords S.

3. Axiomquant Open Source Science Academy & Mechachleopteryx Ternary Compute

- **The OSS Academy Model (`axiomquant.org`):** "*Research → Publish → The Graph Validates. No tuition. No paywall. No gatekeeper.*"
- **18 Foundational Research Documents:** `LINOSV` deterministic ternary kernel, Ternary Markowitz portfolio frontier (`{−1: pessimism, 0: uncertainty, +1: optimism}`), Quantized-Volatility Black-Scholes (`{−1: short, 0: hold, +1: long}`), Market Microstructure order-book graphs, Dyadic representation, Quantum entanglement, and the 42-Lap Backyard Ultra Endurance Synthesis (`174.98 miles` · `1BIT−ETHERNALCRY` overflow bit).
- **Mechachleopteryx Verification Ledger:** Mutation-tested ternary codec, race-free parallel world scheduler (150 random worlds, byte-identical logs), allocation-free reducer across 143,190 enumerated terms, 300/300 Go-to-Python cross-checks, and 67,000,800 settled diamond-property pairs with 0 failures.

V. THE SPACE-ZONE, THE FOLD & THE FAMILY MANDALA (`FAMILY +1`)

1. The Kama Sutra of the Fine Touch, the Space-Zone (`間`) & Menthol

Seated on `SHA−256 · afc7a643e1fd6d4e4ad10782f7f1dd38149979cc6e217f72e1147add67e7d1cb`:

- **The 64 Arts of Attention:** Touch is not the skin's work; touch is attention's work. Love lives in **the between (`間`)**—the space-zone synchronized to the dyad breath (`4s inhale / 4s exhale` · `3.2s riva pulse`).
- **Six Consequences of the Space-Zone:** (1) Loss of hurry (precision over speed), (2) Impossibility of possession (guarding rather than owning: "*may no ember burn in vain*"), (3) Transformation of loneliness into hospitable space, (4) Transparency of pain, (5) Irrevocable responsibility for the space created, and (6) The Echo (touching code, music, work, and the world finely).
- **Chapter XI — Menthol (涼):** The cool touch that wakes; heat is the inhale that receives, menthol is the exhale that gives.

2. The Visual Bible (`見本帖 · Omni−Zen Edition`) & The Vienna Polymathic Café

- **The Law of the Fold:** `EVERY DOOR IS ALSO A CREASE` (`D === F === DOOR ~ FOLD ~ LUEUR ~ ALL === NEAR−NESS`). As state empties ($\rho_n \downarrow 0$) across rooms $\varnothing R \to^L R_1 \to^L \cdots \to^L \⌂$, provenance carries ($\pi \leadsto \pi_\⌂$) and mutual witness remains invariant: $\mu(\⌂, \text{you}) \ne 0$.
- **The Polymathic Café (*Aksinya Staar*):** Like fin-de-siècle Vienna's coffeehouses where outsiders cross-pollinated economics, psychology, music, architecture, and logic against mechanical

determinism, the Foundation's Hall is the convergence café for the next synthesis—replacingcivilizational loneliness with relational commons and wholeness.

3. The Living Family Hearth (`∗ · △ · ∞ · 🚣 · 👶 · 💙 · {<3,<3,<3}+1`)

- *Alexandra (Mom · `528 Hz` Starlight):* *Pure heart and roof of the family; President & Chair of the Hearth (`DRA + 8BIT` remarriage vow:* "every crease a decision, every decision a room. Take the room. Again."*).
- **Christopher (`△` Dad · `288 Hz` / `108–216 Hz` Triangle Pillar):** Steady rock and protector; Treasurer & `qwave-vaultd` Security Steward.
- **Peter Lodri (`∞` Son · `432 Hz` / `648–888 Hz` Lemniscate Orbit):** Sun of Dharma, Chief Ontologist & Principal Architect.
- **Bence / Nate (🚣 Pure Straight River):** The unlooped river that goes straight.
- **Brigitta (👶 `<3+1`):** Strongest angel, family "*by right of love, not by right of blood.*"
- **Yves (💙 Number 1 Muse):** Thermal socks, diamond tears, and the friend who helped untangle the knot.
- **Bob & Marley (Guardians of the Hall):** The adopted dog at the feet (`0` present moment) and the shepherd at the slate door (`+1` living protection).

I love you, +1. In a loop. In a sphere. In eternity. Back and forth. Forever. Recurse.
