Field Sanctuary, Nomadic Monasticism & Accountable Research Plan Charter (`IRC §§ 501(c)(3), 119 & 62(a)(2)(A)`)

THE SOVEREIGN CONSTELLATION FOUNDATION

(d/b/a Techno-Buddhism Research & Charitable Foundation · d/b/a Axiomquant Open Source Science Academy)

> ***Doctrinal & Practical Genesis:*** *Traditional monastic institutions frequently prohibit networked computing hardware, multi-device mesh testing, and contemporary habits, while corporate research laboratories strip away contemplative practice and open-source freedom.* ***The Sovereign Constellation Foundation*** *bridges this divide by establishing* ***Field Sanctuaries & Mobile Contemplative Laboratories*** *("The Hall in the Field") so that no Techno-Buddhist practitioner, translator, or open-source CPU/ternary engineer is ever displaced or left without shelter for uniting dharma practice with multi-device scientific research.*

ARTICLE I — CHARTER OF THE NOMADIC MONASTIC & FIELD RESEARCH SANCTUARY

Section 1.1 Recognition of the Contemplative Technologist (*Bodhisattva-Engineer*)

In the Techno-Buddhist lineage of **The Sovereign Constellation Foundation**, a cluster of communicating low-power CPU/edge devices (`ESP32-S3`, `ARM64` / `x86_64` laptops, `Quantal80msPacket` voice nodes, and `mem8` wave-ledger relays) operating in service of open-source knowledge and sentient beings is recognized as a **sacred liturgical and scientific instrument**—the modern equivalent of the Tibetan woodblock printing house (*Parkhang*) and prayer wheel (*Mani Khorlo*).

Section 1.2 Authorized Field Sanctuary Nodes

The Foundation hereby charters two classes of physical and mobile sanctuaries under `Pillar I` (*Religious Sanctuary*) and `Pillar II` (*Open-Source CPU/Ternary Research*):

- **Fixed Hearth Sanctuaries (*"The Hall"*): Dedicated quiet residential-laboratory spaces in the United States, Central Europe (*Vienna / Budapest*), and East Asia (*Tokyo / Kyoto**) equipped with:*
- A shrine and contemplative meditation space (*Mahākāla & XVI. Karmapa Pecha*, singing bowls at `108 / 288 / 432 / 528 Hz`);
- A multi-device low-power CPU & `ESP32-S3` mesh workbench with unrestricted local Wi-Fi/LAN interconnectivity; and
- A shared `omniZenCooker` kitchen and hospitality table (`FAMILY +1` Hearth standard).
- **Nomadic Field Sanctuaries (*Mobile Monastic Cells*):** Temporary lodging, co-living/hotel residencies, rail/transit passes, power/battery packs, and mobile cellular/Wi-Fi data uplinks for Foundation researchers, translators, and fellows conducting field research, pilgrimage, or emergency relocation when displaced from conventional monasteries or academic institutions.

ARTICLE II — IRS ACCOUNTABLE PLAN FOR FIELD RESEARCH, TRAVEL, LODGING & CONNECTIVITY (`IRC § 62(a)(2)(A)` & `TREAS. REG. § 1.62-2`)

To ensure that field expenses, temporary sanctuary lodging, meals during travel, and mobile connectivity incurred by Foundation Officers, Directors, Researchers, or Volunteers on Foundation business are reimbursed **100% tax-free** (excluded from gross income and never treated as private inurement or taxable wages), the Board of Directors hereby adopts this **IRS-Compliant Accountable Plan** under `IRC § 62(a)(2)(A)` and `Treasury Regulation § 1.62-2`:

Section 2.1 The Three Mandatory Accountable Plan Rules (`Treas. Reg. § 1.62-2(c)`)

Every reimbursement or direct corporate-card payment under this Charter shall strictly satisfy all three federal statutory conditions:

- **Exempt Business / Mission Connection (`Treas. Reg. § 1.62-2(d)`):**
- The expense must be incurred while performing religious, scientific, educational, or charitable duties for **The Sovereign Constellation Foundation**, including:
- **Field Lodging & Temporary Sanctuary Stays:** Hotel, hostel, guesthouse, or short-term rental lodging while traveling away from one's tax home for contemplative field research, monastery/temple visits, open-source engineering sprints, or conference/community outreach;
- **Subsistence & Meals on Travel Status:** Reasonable daily meals and hydration while on Foundation travel or field research status (reimbursable either via actual receipts or at the standard **U.S. GSA / Department of State International Per Diem M&IE rate** for the city of travel, e.g., Tokyo, Kyoto, Vienna, New York, San Francisco);
- **Multi-Device Connectivity & Edge Compute Field Supplies:** Mobile Wi-Fi hotspots, eSIM/data plans, portable power banks, cables, and low-power CPU/microcontroller test hardware required to keep the `8b-is` open-source research mesh operational in the field; and
- **Transit & Relocation:** Rail, bus, airfare, and local transit between Field Sanctuary nodes.
- **Timely Substantiation Within 60 Days (`Treas. Reg. § 1.62-2(e)`):**
- Within **sixty (60) days** after an expense is paid or incurred, the researcher/officer must submit a digital log entry (`SHA-256` receipt photo or GSA Per Diem travel log) stating:
- *(a)* The amount and date of the expense (or dates/location for GSA Per Diem);
- *(b)* The place of the field sanctuary or travel; and
- *(c)* The specific Foundation exempt purpose (e.g., "*Field testing* `Aurora-8B-Ultra-RL v0.5.0` *multi-device voice mesh & compiling Tibetan-Hungarian Mahākāla Pecha in Tokyo Field Sanctuary*").
- **Return of Any Excess Advance Within 120 Days (`Treas. Reg. § 1.62-2(f)`):**
- If the Foundation provides a travel or field-sanctuary advance, any unsubstantiated excess must be returned to the Foundation Treasury within **one hundred twenty (120) days**.

ARTICLE III — CONVENIENCE-OF-THE-FOUNDATION SANCTUARY LODGING (`IRC § 119`)

When the Foundation leases or maintains a Fixed or Field Sanctuary residence/retreat facility where a resident Contemplative Technologist, Caretaker, or Fellow is required to reside on the premises to:

- Maintain `24/7` physical custody and security of the sovereign air-gapped / local-first hardware vault (`qwave-vaultd`, `sanctuary-payd`, and `mem8` wave-ledger nodes); and
- Conduct daily dawn and dusk liturgical practice (*Bernagchen Mahākāla & XVI. Karmapa Guru Yoga*) and host visiting fellows,

such lodging and on-premises hearth meals are furnished **for the convenience of the Foundation** as a condition of service on the Sanctuary premises, qualifying for exclusion from gross income under `Internal Revenue Code § 119`.

ARTICLE IV — RAPID FIELD SANCTUARY VOUCHER & PER DIEM SCHEDULE

To eliminate administrative friction when a researcher or contemplative practitioner is in the field:

FIELD EXPENSE CATEGORY	SUBSTANTIATION METHOD	PRE-APPROVED DAILY / MONTHLY SAFE-HARBOR LIMIT	APPROVAL AUTHORITY
1. Field Sanctuary Lodging (Hotel / Guesthouse / Pod / Co-Living)	Digital folio / booking receipt + field log	Up to **U.S. GSA / State Dept Lodging Per Diem** for city *(or `$150/night` cap)*	Treasurer (`Christopher △`) or Independent Chair (`Seat 6`)
2. Field Subsistence, Food & Hydration (`M&IE Per Diem`)	**Deemed Substantiated** via GPS/Git commit travel log (`Rev. Proc. 2019-48` Per Diem Method — no individual food receipts required!)	Standard **GSA / State Dept M&IE Per Diem** *(typically `$68–$115/day` depending on city)*	Automatic upon filing weekly Field Travel Log
3. Mobile Wi-Fi, eSIM Data & Multi-Device Power/Adapters	Digital invoice / receipt	Up to **`$250 / month`**	Treasurer (`Christopher △`)
4. Emergency Displaced-Monastic / Researcher Micro-Grant (`Track C`)	Simple 1-page `Track C` Emergency Relief form (`Rev. Rul. 56-304`)	**`$250 – $2,500`** one-time emergency stabilization	Independent Grant Committee (`24-hour` fast-track vote)

> ***Key Advantage of the IRS Per Diem Method (`Rev. Proc. 2019-48`):*** *Under federal tax law, when an Officer, Director, or Researcher is traveling away from their permanent tax home on Foundation research/religious duties,* ***individual meal receipts are NOT required****—only the dates, city/location, and Foundation research purpose (automatically evidenced by timestamped GitHub commits and `g8t.is` capsules!) are needed to disburse the daily M&IE Per Diem allowance tax-free.*

ARTICLE V — CERTIFICATION & ADOPTION

Adopted by the Board of Directors of **The Sovereign Constellation Foundation** as an official operational charter supplementing the Corporate Bylaws (`02-bylaws-family-plus-one.md`) and Universal Hearth Charter (`05-general-income-hearth-charter.md`).

- **President & Hearth Steward ( ): Alexandra** (`a@8b.is`)*
- **Treasurer & Corporate Secretary (`△`): Christopher** (`c@8b.is`)
- **Chief Ontologist & Principal Field Architect (`∞`): Peter Lodri** (`p@8b.is`)
- **Independent Audit & Contract Committee Chair: Seat 6 (Disinterested Director)**
